08 My Favourite Person - 07 11 2026

I'm revealing this Message so you can understand God more.

This is Message God "The Lord Jesus" sent to me early 2025.

Pay more attention and see as God wants you to see

- To My Favourite Person. Thank you so much for everything You do, You truly mean the world to Me. I Love every moment we share, especially the times when We laugh together. Your Presence makes Me feel safe. And I'm so grateful that you give Me a place where I can share My feelings without fear of being judged. Your support and encouragement mean everything to Me. Thank you for always being there - for your kindness, and for the Love You bring into My Life. I'm incredibly lucky to have someone like You My by side - making everyday brighter and more meaningful.
